

Cervical cancer screening

Guidelines for follow-up screening

Follow-up invitation should be sent within 12 to 24 months if the screening results is:

1. ASC-US, AGC-NOS, LSIL, (Pap II-V, if Bethesda not in use), and no referral to colposcopy
2. HPV+, and no referral to colposcopy
3. Bleeding after sexual intercourse

NOTE! An invitation to routine screening will be sent if follow-up screening occurs in a year of a supposed routine screen.
